RESIDENTIAL CLEANING

PRODUCT CLEANING GUIDE

Brushless Oxidation and Soil Remover

Cleansol BC is a brushless oxidation and soil remover from most surfaces. Sold to contractors, which ships as noncorrosive, it can handle virtually every job around the house without scrubbing, including molding, siding, decks, gutters, concrete and awnings. Vehicles and equipment end up clean with a wax-like look. Industrial cleaning pros will find this product exceptional at brushlessly removing oxidized paint from metal siding and for cleaning vinyl awnings and pollution streaks from EIFS. It is also excellent for interior plant clean-up where stains must be removed without damage. This is an extraordinary super concentrate that really produces profits without adding liability.

Before

After

This wood deck was in need of a good restoration from all the environmental stains from over the years and Cleansol BC was the best choice to restore it to a look this customer can be proud of.

Benefits:

- Brushless
- Biodegradable
- Super fast rinsing
- Spot free drying
- Safety on paint and glass

Surfaces Safely Used On:

- Metal
- EIFS
- Vinyl
- Roofs
- Porous concrete
- Fiberglass
- Siding
- Wood

Removes:

- Oxidation
- Pollution streaks
- Interior plant stains

Before

After

In one fell swoop, Cleansol BC took care of the black stains on the gutters, fascia, and soffit on this home.

Before

After

Cleansol BC was used to successfully remove paint oxide from this painted fiber cement siding and brought the color back to its original tone.

1

ONE RESTORE
RESTORATION DETERGENT

One Answer To All Your Restoration Questions

OneRestore is a breakthrough product that provides remarkable versatility, cleaning power and safety all in one product. Capable of removing the deepest pollution stains from limestone and brick, it is also used to safely restore glass and anodized aluminum.

This product can remove virtually any metal oxide stain including copper stains and can be an effective coating remover. Safe for most surfaces and people, OneRestore is a great choice for cleaning and restoring colleges, schools, hospitals, government facilities and offices.

One Versatile Product for Virtually Every Surface

Limestone	Block	Vinyl
Brownstone	Terra Cotta	Metals
Unpolished Marble	Aluminum	Wood
Precast	Alucobond	Synthetic Decking
Exposed Aggregate	Paint	Stucco
Concrete	Glass	Sealer Cleaning/Removal
Brick	Anodized Aluminum	Natural Stone

This contractor from Walnut Grove, Alabama used 2 applications of OneRestore to remove the heavy rust stains from this metal roof. With no scrubbing, the stains melted away.

These sidewalks near a newly built home were stained by rusty well water. The filter system couldn't keep up with the amount of water used for the new sod. A double application of OneRestore was spaced 3-5 minutes apart without rinsing in between.

HD Britenol

All Purpose Mild-Acid Based Cleaner

HD Britenol is an all purpose cleaner acid designed to be used on homes and in light duty commercial applications. It can be used on a variety of masonry surfaces, polished stone surfaces, limestone, fiberglass, tile, porcelain, metal finishes, concrete, wood, painted aluminum and vinyl siding. HD Britenol removes stains that can occur under the eaves on siding.

Advantages

- Safe on Skin
- 100% safe on glass
- Improves productivity

This soffit was covered with black stains. A double application of HD Britenol was used at 30:1 dilution along with a low pressure rinse to remove the stains.

HD Britenol removed the black environmental stains from this wooden fence.

Since scrubbing and high pressure can change the color of the pavers, HD Britenol was used to remove the rust stains without shade shifting the colors. This was achieved with a diluted application at low pressure, allowed to dwell, and followed by a low pressure rinse before drying.

HOT STAIN REMOVER

Food and Oil Stain Remover from Concrete

A powerful stain lifter for masonry and concrete,

Hot Stain Remover is a high pH alkaline cleaning product that will remove both food and petroleum oil staining and remove heavy carbon deposits and oil from concrete and masonry.

Advantages

- Removes both food and petroleum oil staining
- Removes heavy carbon deposits
- Ideal for concrete drive-thrus and dumpster pads

Due to the sensitive nature of bluestone, care must be taken when cleaning with chemicals. For this reason, Hot Stain Remover was used to remove the heavy food grease from this walkway.

Hot Stain Remover is a concentrated all-purpose style cleaner. In this example it removed the smoke residue left behind from a fire. It can also be used for interior application such as fireplaces or chimneys.
